## AEDC Safety Goal --- Zero Incidents

- ACCIDENT OR PROPERTY DAMAGE
  - Notify your supervisor & OPS Center 454-7688
  - If minor injury on 1<sup>st</sup> shift, go to dispensary, or if on 2<sup>nd</sup> or 3<sup>rd</sup> shifts, go to the Fire Hall
  - If serious injury, DO NOT TRANSPORT – Call 911, stay on phone to give directions.
  
- HAZARDOUS CONDITIONS OR OPERATIONS
  - Report unsafe practices or conditions to supervisor or SHG
  - If imminently dangerous, STOP Operations
  - Call OPS Center – 454-7688 or
  - Contact Safety & Health Group 454-7233 (SAFE)
  
- HEALTH EXPOSURE ISSUES
  - For exposure assessment - Contact SHG Industrial Hygiene 454-4707
  
- WORKERS' COMPENSATION
  - For questions contact:
    - On Site 454-4707
    - Jacobs 1-832-351-7149
    - ESIS (Workers' Comp Insurance Carrier) 1-800-830-6823
  
- SAFETY & HEALTH WEB PAGE
  - Go to Team AEDC , ATA Safety, SE – Web Site, ATA Safety & Health Web Site

- SAFETY & HEALTH PROGRAM QUESTIONS
  - Go to Safety & Health web site for map to determine your Safety or Health Representative

DEPARTMENT OF THE AIR FORCE  
HEADQUARTERS ARNOLD ENGINEERING DEVELOPMENT CENTER (AFMC)  
ARNOLD AIR FORCE BASE, TENNESSEE

JUL 26 2011

MEMORANDUM FOR AEDC DIVISION CHIEFS  
AEDC/AF2LTRS

FROM: AEDC/TSDI

SUBJECT: Telephone Operations Policy

1. **Analog phones to be standard issue:** Analog phones will be the standard issue for all new requirements and replacements. Digital phones will be provided to the following:
  - a. All Division, Branch, and Center DoD command section users to include their office administrators.
  - b. All ATA OGM personnel and ATA Directors and their office administrators.
  - c. Operation Centers and emergency facilities where needed.
2. **Caller ID:** Caller ID will no longer display names, it will only display the phone number of the caller.
3. **Handling of phones when user leaves:** When an individual vacates their office, the phone they were assigned will be collected by the telephone technicians. The device will be serviced, cleaned, stickers replaced and put back into stock. When the replacement for the individual is due to arrive, a request for a phone should be placed to the Help Desk. Note: The supervisor will be contacted to coordinate the removal.
4. **Phone numbers stay with office; not with users:** Phone numbers will remain with the office. Numbers will not move with individuals. An individual moving to another office will be given an existing or new phone number.
5. **Keeping phone numbers within a block of numbers by organizations/units:** An effort will be made to keep a contiguous block of numbers together through attrition. Example: TSDI would have a set of number from 4455 to 4470. This effort will be coordinated with the supervisors of the organizations/units.
6. PKM will forward this telephone policy to ATA by formal letter.

MICHAEL D. GLENNON  
Chief, Communications Branch  
Mission Support Division

## GENERAL INFORMATION SECTION

### DIRECTORY INFORMATION

The Arnold Air Force Base telephone directory is provided for you our valued customer. The directory is produced from information obtained from your organization. The directory can also be found on the Team AEDC site at <https://cs.eis.afmc.af.mil/sites/TeamAEDC/default.aspx>. A public version of the directory can be found on the Arnold AFB Public Website at <http://www.arnold.af.mil>.

We have provided the following information to facilitate you in getting the most out of your phone service. Feel free to send emails with comments or suggestions for improving service emails to the Arnold/Telephone Directory Department.

Arnold Air Force Base utilizes a 7-digit dialing plan. All of the 4-digit extensions listed in this directory must be preceded by 454 when dialing.

### PROMOTING GOOD TELEPHONE SERVICE

Our switchboard operator will provide you the fastest and most efficient service possible. AEDC only has one part-time operator on duty. Please do not ask for services you can do yourself. Please report incorrect numbers to the Help Desk @ 454-4040 or via AEDC Help Desk Form on the Team AEDC site.

### MILITARY TELEPHONE SYSTEM

Military telephones and voice systems are authorized for **OFFICIAL USE ONLY** and must be restricted to calls essential to the accomplishment of the mission.

### TELEPHONE MONITORING

DoD telephones are provided for the transmission of official government information only and are subject to communications security monitoring at all times. Use of official DoD telephones constitutes consent to communications security telephone monitoring per DoD Directive 4640.6

### DIALING PROCEDURES

#### Emergency Calls

On Base	911
Housing	911

#### Local Calls - On/Off Base

1. Base Extension to Base Extension dial appropriate 7 digit number
2. To call from on-base to off-base into the local area dial 99 + 7 digit number
3. To call AEDC from off-base outside the local area, dial 931-454-XXXX
4. Toll free calls include the following cities and preface:

City	Preface
Hillsboro	596
Lynchburg	632, 759
Manchester	253, 723, 728
Normandy	857
Pelham	467
Shelbyville	212, 561, 580, 607, 619, 639, 680, 684, 685, 778, 808
Tullahoma	393, 454, 455, 461
Wartrace	389
Winchester	632, 962, 967, 968

### Long Distance Calls

Official long distance toll calls should be made only when DSN or toll free (800/877/888) connectivity is not available at the distant end.

PIN Numbers: Personal Identification Numbers (PINs) are required to make outgoing official long distance calls from AEDC. PIN numbers cannot be used away from AEDC. Refer to ATA Core Process P14-4301, Step 6.4 for information on how to obtain a PIN. PIN requests require supervisor approval.

1. CONUS 98-1-XXX-XXX-XXXX-PIN
2. International 98-011-XXX-PIN

### Defense Switch Network (DSN)

DSN is the principal voice communications network within the Defense Communications System. Usage is limited to Official Government Business. Transferring toll calls into or out of the DSN is prohibited.

1. CONUS 94-XXX-XXXX
2. OCONUS
  - Caribbean 94-313-XXX-XXXX
  - Europe 94-314-XXX-XXXX
  - Pacific 94-315-XXX-XXXX
  - Alaska 94-317-XXX-XXXX
  - Southwest Asia 94-318-XXX-XXXX
  - Canada 94-XXX-XXXX

### PAGING INSTRUCTIONS

1. From on Base 454-7243 (PAGE)
  2. From off Base local calling area 454-7243
  3. From off Base outside local area 931-454-7243
- At the tone enter the pager number

### SECURE VOICE

Classified information should not be discussed or revealed over the administrative telephone system. If a classified subject must be discussed, most organizations have a Secure Telephone Unit (STU-III) or Secure Telephone Equipment (STE). If you don't have access to a STU-III or STE, one is available in the Defense Messaging System Center (ext. 454-5600).

## SERVICE PROBLEMS

Persons other than authorized telephone maintenance personnel are prohibited from installing, repairing, moving or otherwise modifying telephone equipment.

1. Report telephone troubles to the trouble desk at 454-4040. Troubles will be repaired within one workday.
2. Request for telephone installations, are submitted by calling 454-4040. Request for new service will normally be completed within 10 workdays or an agreed upon date.
3. Request for telephone relocations are submitted by completing the AEDC Move Request. The form is located on the Team AEDC Home Page under the Request Services tab.

## NUISANCE AND BOMB THREAT CALLS

Malicious, threatening, or abusive calls, including the use of obscene or profane language are prohibited. While the call is in progress, press \*57 on the telephone dial pad. After the call ends, Report the call to Security Police, ext. 454-5662. Procedures for correct handling of a Bomb Threat or Suspicious Telephone Caller(AEDC896) should be posted for your convenience by each telephone and can be found on pages 3 - 6 of this directory.

## TELEPHONE SERVICE FEATURES

The following instructions describe service features of the base telephone system. Additional features are described on the Team AEDC Home Page. The link is located in the Emergency Numbers block by clicking on Telephone/Voice Mail User Information.

### Call Transfer

For single line telephones – Press the FLASH or LINK key or flash the switch hook (depress the switchhook and release it). The user will hear confirmation tone (3 beeps) followed by dial tone. Dial the number you wish to transfer to and hang up.

For multi-line telephones – Press the transfer key; dial the number you wish to transfer the call to and press the transfer key again. The call is then transferred.

### Call Forwarding

For single line telephones – To redirect incoming calls to another extension, lift the handset and dial # 1. You will hear dial tone. Dial the extension number that will receive all of the forwarded calls and hang up. To cancel call forwarding, lift the handset and dial #1 and hang up. While your single line telephone is forwarded, you will hear an interrupted dial tone to remind you that the feature is activated.

For multi-line telephones – Press the FORWARD button, dial the extension number that will receive the forwarded calls, and press the FORWARD button again. To cancel call forward, press the FORWARD button.

### Conference Calls

The base telephone system's conferencing capability allows scheduling, in advance, from two (2) to thirty two (32) party conferences. Please request conference calls at least 12 hours in advance. The minimum duration of this type of conference is 15 minutes and the maximum is 12 hours. When scheduling a conference, schedule start times and duration in increments of 15 minutes. To schedule a conference call, contact the Help Desk at 454-4040.

Up to 6 party conference calls can be established using your telephone. To add a new party to an established call on a multi-line set, follow these steps:

1. Press the "Conference" key. The first party is then on hold and you receive dial tone.
2. Dial the number of the new party
3. When the new party answers, press the "Conference" key to include all parties in the call.
4. To add more parties to the conference (up to 6, including you), repeat steps 1 - 3.
5. Note: If you make a mistake while dialing or receive a busy signal, press RIs or Goodbye to disconnect. To return to the call, press the key beside the fast flashing indicator.

To add a new party to an established call on an analog single line set, follow these steps:

1. Press the FLASH or LINK key or flash the switchhook (depress the switchhook and release it). You hear confirmation tone (3 quick beeps) followed by dial tone. The first party is on hold.
2. Dial the number of the new party.
3. When the new party answers, press the FLASH or LINK key or flash the switch hook to include all parties in the call.
4. To add more parties to the conference (up to 6 including you), repeat steps 1 – 3.

**ARNOLD AFB STANDARDIZED ALARM SIGNALS**  
**FOR ARNOLD AFB ONLY**

<b>WARNING OR CONDITION</b>	<b>SIGNAL</b>	<b>MESSAGE</b>	<b>REQUIRED ACTIONS</b>
<b>Weekly Test</b>	One-minute steady siren.	"This is a test. This is a test of the emergency warning system."	None
<b>Tornado Warning</b>	A three- to five-minute steady siren.	"Tornado warning. A tornado warning has been issued for this area. Seek immediate shelter."	Take shelter in the closest building or land depression. If you are in a building, stay there and take shelter in the strongest part of the structure (normally in the lowest level of the building away from outside doors and windows).
<b>Hazardous Material Release</b>	A "whoop" sound, repeated as necessary.	"Hazardous material release. A hazardous material release has occurred. Hazardous material release."	Stay inside. Close all doors and windows. Shut off air conditioning/heating system. (Instructions will be issued depending upon the situation.)
<b>All Clear</b>	Air horn sound	"All clear: The emergency is over. All clear."	Resume normal operations or initiate recovery actions.
<b>Exercise Start</b>	High Low, High Low	"Base exercise. A base exercise is in progress. Base exercise."	Refer to your organizational checklist for your necessary action(s).
<b>Exercise Termination</b>	High Low, High Low	"Exercise termination. The base exercise has been terminated. Exercise terminated."	Resume normal operations.
<b>Attack Warning</b>	A three- to five-minute wavering tone on sirens.	"Attack warning. An attack is imminent. Seek immediate shelter. Attack warning."	Go immediately to one of four designated fallout shelters: A&E (Bldg #100), Mark 1 (Bldg #1075), or "G" Range (Bldg #678).
