

BIOGRAPHY

UNITED STATES AIR FORCE

William G. Gray

Mr. William G. Gray is the Technical Director, Support Directorate of Arnold Engineering Development Center. The Directorate provides all Air Base operations, security, logistics, communications-computer, environmental, civil engineering, and base services for a national test center of approximately 3,000 government and contractor personnel and over \$6 billion in facilities. He also serves as the Technical Area Manager for AEDC's mission support contract.

Mr. Gray entered the federal civil service at AEDC in January 1980 after one year with Pratt and Whitney Aircraft at West Palm Beach FL and 2.5 years with ARO, Inc. operating contractor AEDC.

EDUCATION:

1976 Bachelor of Science Degree in Mechanical Engineering, Worcester Polytechnic Institute
1985 Master of Science Degree in Mechanical Engineering, University of Tennessee

EDUCATION:

1. January 2000 - Present. Technical Director, Support Directorate, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.
2. January 1996 - January 2000. Chief, Investment Division, Operations Directorate, Arnold Engineering Development Center, Arnold Air Force Base, Tenn..
3. June 1991 - January 1996. Chief, Test Facilities Division, Directorate of Engineering and Maintenance, Deputy for Facilities, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.

4. April 1988 - June 1991. Chief, Mechanical/Aeronautical Division, Directorate of Engineering and Construction, Deputy for Facilities, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.
5. June 1986 - April 1988. Senior Project Engineer, Turbine Engine Division, Directorate of Propulsion Test, Deputy for Operations, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.
6. August 1984 - May 1986. Senior Systems Engineer, Systems Integration and Operations Division, Aeropropulsion Systems Test Facility Program Office, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.
7. March 1980 - August 1984. Project Engineer, Systems Integration and Operations Division, Aeropropulsion Systems Test Facility Program Office, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.
8. October 1977 - March 1980. Project Engineer, ARO, Inc, Arnold Engineering Development Center, Arnold Air Force Base, Tenn.
9. September 1976 - September 1977. Analytical Engineer, Pratt and Whitney Aircraft, West Palm Beach Fla.

CERTIFICATION:

1994 APDP Level III Test and Evaluation Engineering
1993 APDP Level II Program Management
1981 Professional Engineer, State of Tennessee

EFFECTIVE DATES OF PROMOTION:

GS-830-12 March 17, 1980
GS-830-13 August 5, 1984
GM-830-13 April 24, 1988
GM-830-14 June 2, 1991
GS-830-15 December 20, 1998
